Page 12: Financial impact

Q8. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

	Significant increase in cost	Some increase in cost	Broadly cost neutral	Some reduction in cost	Significant reduction in cost	Unsure
(a) Local authorities	X					
(b) Dog breeders	X					
(c) General public (including dog owners)	X					
(d) Police and animal welfare organisations	X					

Please explain the reasons for your response.

This will make responsibly bred puppies dearer and send buyers off in the direction of the puppy farmer for a cheaper alternative. Puppy farmers have a market because responsible breeders dont breed enough to meet the needs of the public ,if you make it harder and more expensive to breed then people will breed less or give up

Q9. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

Yes

Please explain the reasons for your response.

Education stop the advertising of puppies anywhere except through regulated bodies such as the KC encourage breeders to continue to supply the market not discourage

Page 15: General

Q12. Do you have any other comments or suggestions on the proposal?

Look at this problem from a different angle you need to be much more aware of how these puppy farmers operate the SSPCA is not up to the job either as it has a different agenda which is not helpful

Q13. Could the aims of the Bill be better delivered in another way (rather than by means of a Bill in the Scottish Parliament)?

Yes

Please explain the reasons for your response
